PURCHASING POLICY:

RACING QUEENSLAND LIMITED

Introduction

This policy has been prepared to provide guidelines and procedures to be followed by officers of Racing Queensland Limited when undertaking and managing purchasing activities to meet the organisation's operational requirements and also meet the objectives of the policy.

Racing Queensland Limited is the Control Body established by, and obtaining its objects and functions from, the *Racing Act 2002* and its Constitution. Racing Queensland Limited is required to conduct its financial activities with probity and accountability, in accordance with the *Corporations Act 2001*, Australian Accounting Standards and Australian Equivalent to International Financial Reporting Standards A-IFRS and Australian Securities and Investment Commission- ASIC.

Key Principles

In conducting its purchasing activities it is the policy of Racing Queensland Limited to adhere, at all times, to the key principles of:

1. Value for money;
2. Quality of product, service, and support;
3. Open and fair competition;
4. Accountability of outcomes;
5. Use of Queensland product where price competitive, and where quality standards are met; and
6. Suppliers are compliant with all taxation requirements.

Policy

These principles have been applied in developing policy for the following key purchasing activities:

- Capital works projects;
- Consulting services;
- Sponsorship contracts;
- Information technology;
- Other capital expenditure; and
- Day to day purchasing of services and supplies.
- Credit Facilities

There is also a focus on using preferred suppliers as explained in this report in further detail. The procurement system should result in the following benefits:

- Reduce operating costs;
- Reduce risk;
- Increase control; and
- Improve cash flow visibility

Capital Works Projects

Racing Queensland Limited plays a major role in the implementation of industry capital works projects each year. Racing Queensland Limited establishes an annual program of capital works, within a specified budget, following consideration of proposals from race clubs and advice from relevant officers within the organisation.

The policy of Racing Queensland Limited, in relation to the implementation of approved projects, is briefly addressed below:

- Once projects are given preliminary approval through the annual capital budgeting process, race clubs will be required to provide detailed design and costing information, and a project plan, prepared by a suitably qualified and experienced independent consultant. Racing Queensland Limited may, at its discretion, instigate an assessment of this documentation by its own consulting engineers. Any variation to the estimate used in applying for inclusion in the capital works program must be disclosed and explained. Variations of greater than 10% from the preliminary estimate are to be referred back to the Board of Racing Queensland Limited;
- Assuming the project cost following detailed design is contained within 10% of the preliminary estimate, and Racing Queensland Limited is satisfied with the standard of documentation provided, final approval will be given for the project to proceed (Chief Executive Officer or Chief Financial Officer);
- After final approval has been given, race clubs will be instructed that they can establish formal contractual arrangements for the construction works, in accordance with the approved budget. In establishing these contracts the club must pay regard to the key purchasing principles contained within this policy. Following establishment of the works contracts, Racing Queensland Limited will make payment of a grant to the club, equivalent to the agreed industry contribution. This grant will represent payment for a taxable supply, and will have GST added; and
- Following completion of the project, the club will provide Racing Queensland Limited with a report, which addresses the outcomes of the project, including cost to budget, quality of product, and timeliness.

Consulting Services

Racing Queensland Limited uses consulting services in a number of aspects of its operations including legal, information technology, human resource management, financial management, business development, and marketing.

These consultancies vary from short-term "one-off" contracts, to longer-term arrangements, which may encompass a series of different activities (e.g. marketing and promotional work).

For short-term "one-off" contracts the following policy guidelines are to apply:

- The six key purchasing principles outlined above are to be applied at all times;
- For contracts under \$10,000 in value, preferred supplier arrangements* can be used. That is, where a purchasing officer is satisfied that a consultant that has provided a high quality service in the past, has the necessary expertise to undertake the work, and is available in an appropriate timeframe, that consultant can be appointed without a formal competitive process being undertaken. If such a person is not available, three quotes from prospective consultants should be obtained and evaluated;

(* Please note that where preferred supplier arrangements are referred to later in this document for other categories of purchasing, similar procedures to those above will apply)

- For contracts between \$10,000 and \$100,000, tenders should be called from at least three "preferred" contractors. The selection of these three preferred suppliers, and subsequent evaluation of their proposals, should take into account the six key purchasing principles. The evaluation of the proposals should be undertaken by two accountable officers, and be approved by a delegated officer (Chief Executive Officer or Chief Financial Officer);
- For contracts over \$100,000, will be subject to Board discretion as to the waiver of an open tender, including appropriate advertising of the consultancy. Tenders are to be evaluated, in accordance with the six key purchasing principles, by a panel of no less than two accountable officers, and be approved by a delegated officer.

For longer-term consultancy arrangements (e.g. the ongoing purchase of external legal services that cannot be delivered in-house), which may involve the use of a preferred supplier or suppliers for a range of individual tasks over an extended period of time, the following guidelines are to be followed:

- The purchasing officer may select a consultant for a range of tasks from a panel of preferred suppliers for the type of work involved;
- Prior to such a selection, a competitive process, adhering to the six key purchasing principles of Racing Queensland Limited, to appoint the panel of preferred suppliers must have been undertaken, be appropriately documented, and be signed-off by a delegated officer;
- In selecting the preferred supplier from the panel, the purchasing officer must clearly document the reasons for the selection, and be accountable for that selection. The selection must be approved by a delegated officer; and
- Individual consultancy contracts over \$100,000 in value are not to be entered into under these preferred supplier arrangements. For such consultancies, will be subject to Board discretion as to the waiver of an open tender, as described above, must be followed.

Sponsorship Contracts

Racing Queensland Limited may enter into sponsorship contracts of a cash and exchange-of-goods and/or services ("contra") nature.

In establishing these contracts, officers must adhere to Racing Queensland Limited's key purchasing principles, particularly those of "accountability of outcomes", and "compliance with all taxation requirements". With these principles in mind, a Sponsorship Agreement pro-forma (refer to Appendix A) is to be prepared for all sponsorship arrangements, regardless of whether they involve a cash payment, or are solely contra in nature.

The sponsorship agreement is to clearly specify the goods and/or services that are to be delivered by both Racing Queensland Limited and the sponsor, and identify the value of these supplies so that GST obligations, including Tax Invoicing, can be satisfied.

All sponsorship agreements are to be authorised by an officer of Racing Queensland Limited with appropriate delegation, and a copy is to be provided to the Finance Section so that Tax Invoices can be prepared, and GST liabilities and credits accounted for.

Information Technology

The acquisition of information technology hardware and software represents a substantial investment of capital by Racing Queensland Limited each year.

Given the advancing nature of IT and the need to upgrade hardware and systems applications on an ongoing basis, it is the policy of Racing Queensland Limited to acquire such items through leasing arrangements. In this regard the following is to apply:

- A tender process, through a preferred supplier arrangement, is to be undertaken for the establishment of a medium to long-term lease contract for the supply of computer equipment, and other general office equipment where appropriate;
- This contract is to be reviewed on an annual basis to ensure the key principles of "value for money" and "quality of service and support" are being satisfied;
- Where a requirement to add items to the schedule covered by the lease has been identified, the purchasing officer must ensure the purchasing principles are adhered to. For items under \$10,000, preferred supplier arrangements can be used. For items \$10,000 or over, three quotes must be obtained. Appropriate documentation to support the purchasing decisions must be maintained at all times; and

The IT Section is also required to develop and maintain an *IT asset replacement strategy*, incorporating a list of all hardware and software under lease (or purchased), and information on the condition and expected useful life of individual items.

Other Capital Expenditure

Motor Vehicles

Racing Queensland Limited maintains a fleet of vehicles provided for both work and private use. These vehicles are to be leased through the appropriate lease provider under the following arrangements:

- the leasing of a new vehicle must be approved by the Chief Executive Officer or Chief Financial Officer or Finance and Business Manager; and
- The type and model of the vehicle, and any optional extras, must be commensurate with the status and nature of the role performed by the officer for which the car is being acquired, and be in accordance with the entitlements the officer has under his/her contract of employment;
- All vehicles are to be replaced after three years, or having travelled 60,000 kms, whichever comes first, unless the Chief Executive Officer or Chief Financial Officer or Finance Business Manager agrees to an extension of the leasing term.

Vehicles are to be leased in line with the Racing Queensland Limited's Motor Vehicle Policy, for further details email ap@racingqueensland.com.au

On disposal of company-owned vehicles, three trade-in quotes must be obtained, where possible, with the highest trade-in valuation the key consideration in selecting the successful dealer. Racing Queensland Limited staff may be given the option to purchase the vehicle that is being traded, at no less than \$1 more than the best trade-in valuation. The Chief Executive Officer or Chief Financial Officer or Finance and Business Manager will determine the successful staff bidder in the event of two or more staff bidding for the same vehicle being traded.

Other capital purchases

All other capital purchases (e.g. office machines) made by Racing Queensland Limited are to adhere to the following guidelines:

- The six key purchasing principles outlines above are to be applied at all times;
- For items under \$10,000 in value, preferred supplier arrangements can be used;
- For capital items between \$10,000 and \$100,000, quotes should be called from at least three "preferred" suppliers. The selection of these three preferred suppliers, and subsequent evaluation of their proposals, should take into account the six key purchasing principles;
- For capital items over \$100,000, will be subject to Board discretion as to the waiver of an open tender. Tenders are to be evaluated, in accordance with the six key purchasing principles, by a panel of no less than two accountable officers; and
- For all capital purchases of \$10,000 or more, a lease versus buy analysis is to be undertaken.

Day to day Purchasing of Services and Supplies.

Policy in relation to the day to day purchasing of services and supplies is as follows:

- For items supplied on a continuous basis (e.g. stationery, consumables, printing) preferred supplier arrangements may be used. Purchasing officers must ensure that the key purchasing principles are adhered to, especially "value for money" and "quality of service";
- In this regard, officers are required to conduct a competitive process for the selection of a panel of preferred suppliers, for continuous supplies, on an annual basis. Documentation must be prepared and maintained in respect of preferred supplier selection, and the subsequent selection of a supplier from the panel for particular purchases;
- However, for any individual supply or service, which would normally form part of a continuous supply by an individual, that is to cost the organisation \$100,000 or more, an open competitive process must be undertaken. That is, any individual supply which is to cost \$100,000 or more, cannot form part of a continuous purchasing contract made under preferred supplier arrangements;
- For non-continuous supplies and services (e.g. "one-off" printing jobs) preferred supplier arrangements can be used for purchases under \$10,000, on the basis that Racing Queensland Limited's key principles are satisfied. At least three competitive quotes must be obtained for any purchase of \$10,000 or more.

Preferred Suppliers

As much as possible, Racing Queensland Limited should consolidate its suppliers and utilise preferred suppliers for either off-the-shelf goods/services where there are several sources of supply and the purchase is low risk or where there is an established relationship with a proven record of success. The advantages of using preferred suppliers are that it streamlines and simplifies purchasing, reduces administrative costs and promotes cost savings through volume discounts and exclusivity arrangements. Other benefits are that it minimises costs and risk for suppliers through not being required to regularly prepare and submit quotations.

1.1. Selection of Preferred Suppliers

The selection of preferred suppliers should be based on selection criteria that could include:

- Technical capability and experience
- Financial capacity and viability
- System and management responsibility incorporating product and service compliance with agreed industry standards
- People
- Business/organisation factors
- Favourable referee reports (a successful track record to deliver)
- Racing Queensland Limited's 6 key principles:
 1. Value for money;
 2. Quality of product, service, and support;
 3. Open and fair competition;
 4. Accountability of outcomes;
 5. Use of Queensland product where price competitive, and where quality standards are met; and
 6. Suppliers are compliant with all taxation requirements.

1.2 Preferred Suppliers Listing.

The same delegations above apply to the payment of invoices with one exception:

- An invoice can be approved by a person with a lesser delegation provided the original purchase order was approved appropriately and the invoice does not exceed an amount that exceeds 10% of the original purchase order.

It should be noted that as a business rule, staff are not allowed to circumvent their delegation by raising multiple orders to purchase a good or service for an amount that exceeds their delegation limit.

Delegations

All expenditures for goods and services are to be authorised by a duly delegated officer and are to be in line with budget. These delegations are as follows:

Unlimited

- Board of Directors

Up to \$150,000

- Chief Executive Officer

Up to \$50,000

Capitalisation of expenditure

Expenditure on discreetly identifiable plant and equipment items of \$2,000 and above will be capitalised where the future benefit of that expenditure exceeds one year at the time of purchase. All land purchases must be capitalised.

The Chief Executive Officer or Chief Financial Officer or Finance and Business Manager may approve the capitalisation of services expenditures of \$2,000 and above where those services have a future benefit exceeding one year. All assets which are <\$2,000 must be expensed in the year of purchase and recorded in the portable and attractive items register. All other service expenditures shall be written off in the financial year the expenditure was incurred.

Compliance with Commonwealth Government GST & Australian Business Number legislation

The Commonwealth Government implementation of GST and Australian Business Number legislation, has given rise to some additional obligations in respect of purchasing. These are as follows:

- Organisations are required to withhold 46.5% of any payment to a supplier of goods or services that does not provide an ABN. In response to this, it is the policy of Racing Queensland Limited that no supplies be purchased from entities that are unable to quote an ABN;
- All suppliers to Racing Queensland Limited are to be advised that they must be able to provide a "Tax Invoice" in the form specified by the GST legislation, to enable Racing Queensland Limited to claim input credits. Under law, the supplier must supply Racing Queensland Limited with a Tax Invoice within 28 days of request. Racing Queensland Limited staff should not enter into contractual arrangements with suppliers unless satisfied that the supplier will be able to provide a suitable Tax Invoice; and
- When obtaining quotes or prices from potential suppliers, purchasing officers must satisfy themselves that the prices quoted are GST inclusive.

Documentation and the Role of the Finance Department

The Finance Department plays the lead role in ensuring Racing Queensland Limited meets its obligations under the *Corporations Act 2001*, Australian Accounting Standards and Australian Equivalent to International Financial Reporting Standards A-IFRS and Australian Securities and Investment Commission- ASIC through the development and implementation of appropriate accounting policies and controls.

While the Department will work to ensure operational areas within the organisation are meeting their obligations under the purchasing guidelines, senior managers also have a role to play in monitoring the purchasing activities of their staff.

With regard to documentation, all acquisitions need to be supported by evidence that appropriate purchasing principles and guidelines have been followed. In this regard:

- All purchases for non-continuous supplies that are not completed through petty cash or credit cards must be completed in IPOS. **Where IPOS is not available a manual purchase order must be raised and authorized with the pink and green copies sent to accounts payable.** Additionally, copies of sponsorship agreement pro-formas must be provided to the Finance and Business Manager on a timely basis; and
- The delegated officer must be satisfied that Racing Queensland Limited's purchasing policy has been adhered to, and that appropriate documentation that supports the six key principles (value for money, open and fair competition etc) has been gathered, and is available for audit scrutiny if required. The managers of organisational areas have responsibility for ensuring supporting documentation is maintained and is accessible.

Enquiries regarding these purchasing principles should be directed to the Chief Executive Officer or Chief Financial Officer or Finance and Business Manager.

IPOS

IPOS is an online web enable electronic procurement system. It has been custom built to meet Racing Queensland Limited and industry needs and greatly enhances Racing Queensland Limited's ability to operate in today's modern information driven environment.

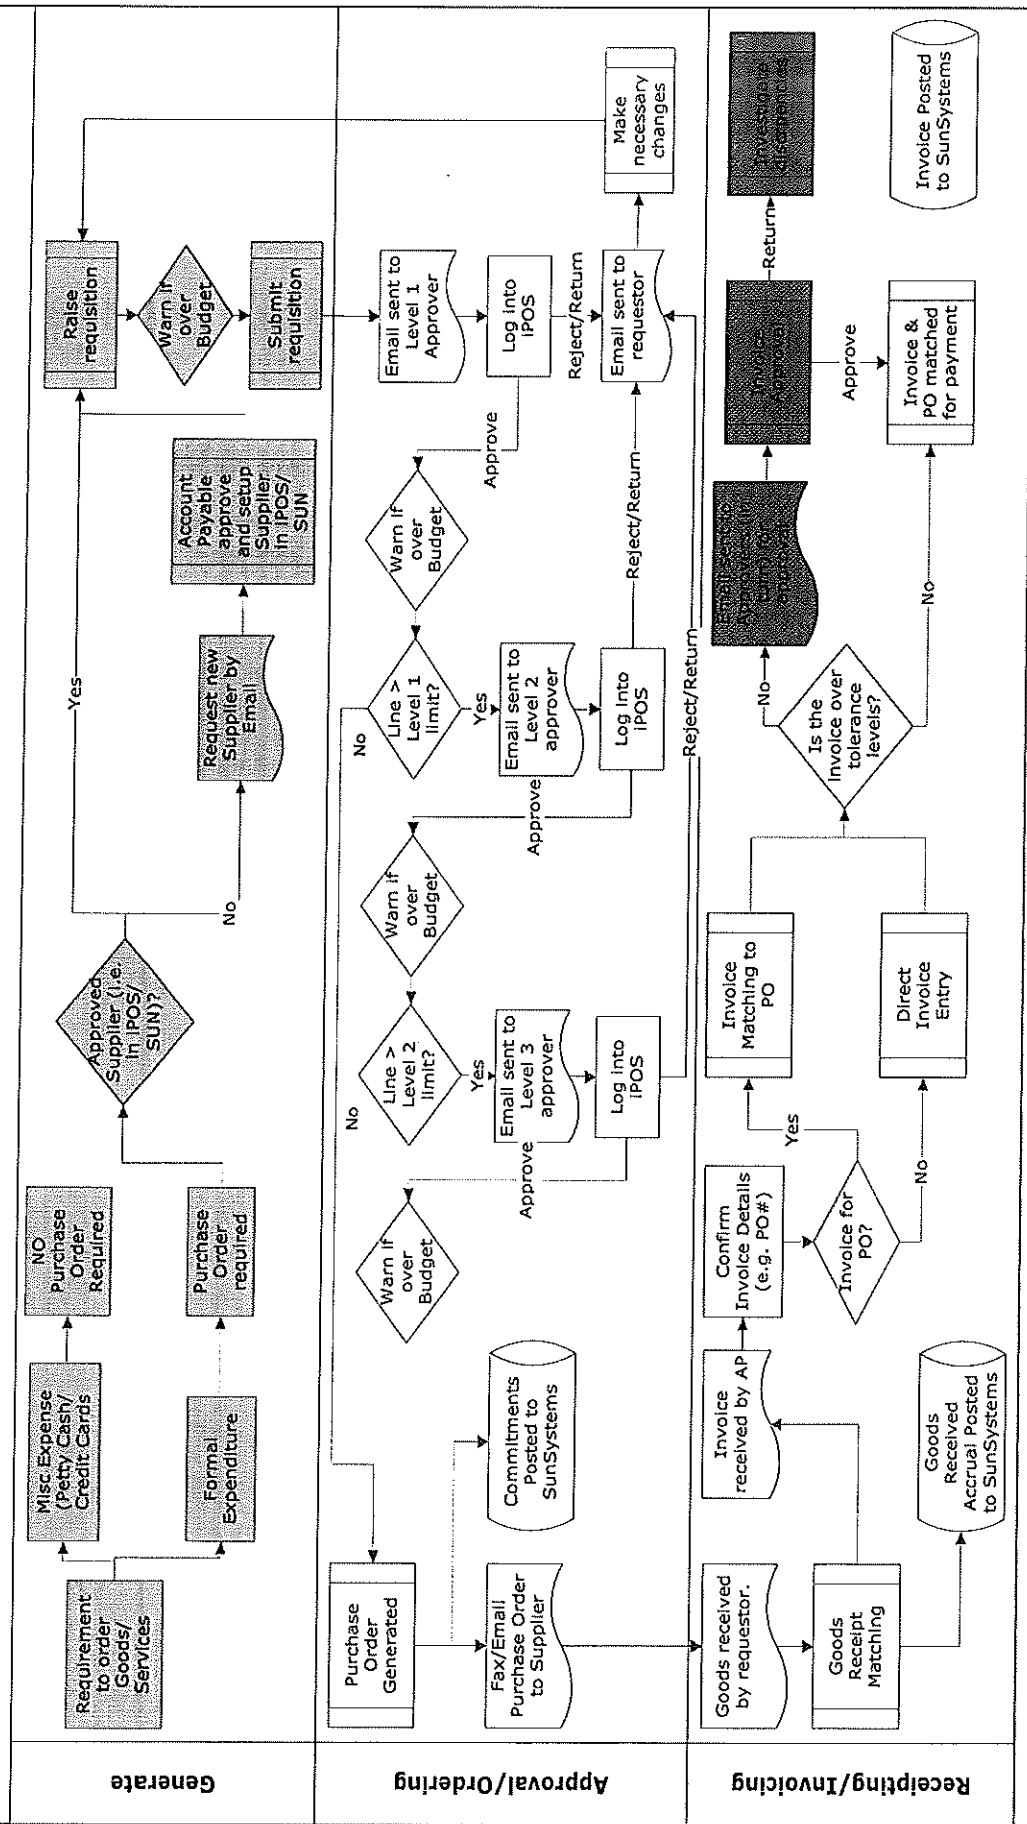

Where IPOS is not available a manual purchase order must be raised and authorized with the pink and green copies sent to accounts payable.

The main objectives of IPOS are:

- To provide the underlying systems to enable the business to obtain tighter budgetary controls, including the recording of committed expenditure,
- To provide managers with the appropriate tools to focus on their individual budgets,
- Implementation of systemic controls over the procure to pay process,
- Improved reporting to the whole business,
- To bring Racing Queensland Limited in line with best practice procurement through taking advantage of e-commerce, electronic purchase ordering and scanning.
- Provide more real time reporting with less reliance on accounts payable,
- Introduction of process efficiencies for accounts payable, removing the many manual processes currently in use, such as manual purchase order generation and invoice approvals.
- Ability to interface with supplier ordering systems resulting in less manual entry.

The process map for Racing Queensland Limited's procurement process is featured below.

Queensland Racing Limited Purchasing Procedure

The major advantage of IPOS is that it enforces Racing Queensland Limited's purchasing policy in an electronic procurement system. All management delegations are enforced at requisition and invoice stage. Separation of duties ensures that only requisitioners can create purchase orders and only management can authorise.

From 1 July 2010 where applicable all invoices will only be paid if an IPOS purchase order number is quoted on the invoice. Instances where invoices do not require IPOS purchase orders are Energy, phones, rates and other standard monthly charges.

IPOS Procedures are linked below:

2. Cheque

2.1 Business Condition

One-off purchases that can not be paid through any other alternative option.

3. Electronic Funds Transfer (EFT)

All other purchases will be paid by Electronic Funds Transfer (EFT) unless previously authorised by Finance and Business Manager

Payment Summary

A summary of the different methods for paying invoices is provided below:

Payment Types	Business Condition
EFT	Used for standard purchasing from preferred suppliers Used for emergency purchases from preferred supplier in response to an emergency situation
Direct Debit	Used for purchases that occur at set times throughout the year for set dollar amounts
Cheque	Used for miscellaneous purchases on a "case-by-case" basis only. To be used only in exceptional circumstances.
Credit Cards	Used for purchases made with non-preferred suppliers for dollar amounts up to delegated authority.
Petty Cash	Used for miscellaneous purchasing of items with a value of less than \$100 unless authorised by Finance and Business Manager

Summary of Key Controls

As a high level summary, the key controls associated with the procurement system are:

- Only deal with suppliers who have a valid ABN
- Three quotes required for amounts >\$10,000 where a preferred supplier is not used
- Tax invoices to be obtained at all times
- Required signatures for goods received
- Vendor creation, deletion or addition must be performed by the Accounts Payable Officer and the bank account details are required in accordance to the Sun Security matrix to be entered by an Accounts Receivable Officer who does not have the ability to raise purchase orders or make payments in SUN. The change of details form is located G:\Finance\FORMS\Accounts Payable\Change of Details form.xls
- Invoices are only paid after the prior approval of a purchase order (excluding credit card statement payments and direct debits) and after goods have been received
- Established delegation limits with a 10% tolerance level up to a limit of \$100
- Credit card holders can make transactions greater than their delegation limit provided a purchase requisition with appropriate approval has been obtained first.

In addition to the above, Racing Queensland Limited should perform an annual supplier analysis to review expenditure to determine that value for money is being achieved.

Credit Facilities

A credit facility is any system of credit established to allow purchase of goods or services without the use of an official purchase order or the exchange of cash between the purchaser and supplier at the time of the transaction.

The credit facilities generally used by the Company are:

- Corporate credit cards
- Fuel cards
- Taxi vouchers
- Toll cards.

The establishment of any credit facility requires the recommendation of the Chief Financial Officer and approval from the Company. The Chief Financial Officer is responsible for the establishment, implementation, management and control of credit facilities used by the Company.

All credit facilities must be subject to the agreed terms and conditions between the credit provider and the Company.

Users of credit facilities must comply with the agreed terms and conditions, and properly discharge responsibilities regarding the use and reconciliation of credit accounts. Users are responsible for utilising the facilities in a proper and appropriate manner, and are accountable for all transactions associated with their use.

Users are also responsible for the security of the card/vouchers. Misuse of credit facilities will, at the discretion of the Board, result in the user's access to the facility being revoked and appropriate disciplinary action being taken.

Corporate Credit Cards

Principles. The policies and procedures pertaining to corporate credit cards are contained in the following policy: RQL_Expense Reimbursement Policy.doc

Issue. Corporate credit cards will be issued to relevant officers on the basis of the card providing a necessary and convenient facility for meeting commitments incurred in the course of official business. The issue of corporate credit cards is to be recorded in a register that is maintained by an appropriate officer, e.g. Accounts Payable Officer. Corporate card use should be restricted to a specific transaction limit in any one month.

Documentation.

The following conditions governing the use of credit cards prevail:

A register of cards must be established and maintained to exercise control over the issue and use of cards.

- Only authorised charges may be made against the credit organisation;
- Cards must be secured at all times against unauthorised use;
- Internal control measures must be sufficient to ensure cards are used for official purposes only and that any misuse is detected promptly and reported to the Chief Financial Officer.
- Officers using a credit card must obtain particulars of transactions including supporting invoices and dockets duly signed. A Credit Card Usage Form must be completed with the invoices attached. Supporting documentation can include the vendor's invoice/account, copy of prior approval to travel/entertain (where applicable), and purchase order. Where supporting invoices or dockets are not available, a signed certificate stating that the transactions are valid and were for official purposes must be attached. Details of all hospitality/entertainment expenses must be fully documented with the purpose of the expense, guest name(s), date, refreshments, time and the like.

Reconciliation.

- The documentation must be forwarded promptly to an accounting officer for attachment to the credit card transaction record for the purposes of sustaining the official use of the card and settlement of the amount within the required period;
- An accounting officer must match the dockets to the statements received from the credit card organisation;
- The dockets and the summary of these dockets showing the charges incurred by the use of credit cards must be properly authorised by a duly authorised officer; and
- The use of credit cards for the purchase of goods and services must be in strict accordance with the expense reimbursement policy of Racing Queensland Limited.
- Failure to provide receipts and the reconciliation in a timely manner will result in the card being cancelled and the employee will have to be reimbursed expenditure through the expense reimbursement policy

Fuel Cards

Issue. The issue of fuel cards is to be recorded in a register maintained by the Finance area.

Responsibilities. Users of the fuel card credit facility are responsible for utilising the facility in a proper and appropriate manner. Users are also responsible for the security of the card while it is in their possession, and are accountable for all transactions associated with its use during that period.

Use. Fuel cards are to be used only in accordance with the agreement between the credit provider and the Company. This includes locations where the card may be used, vehicle for which the card may be used and the types of purchases that are permitted (e.g. fuel only, fuel and oil).

Documentation. Fuel card transactions are to be supported by documentary evidence of the purchase (e.g. the fuel card docket provided by the fuel supplier). This documentation is to be forwarded to the Finance Area and will be used when reconciling the credit provider's account and making payment.

Taxi Vouchers

Issue. Bulk stocks and the issue of taxi vouchers are to be maintained by the Finance area. The Accounts Payable Officer is responsible for the issue of taxi vouchers within their area of responsibility. This officer should ensure that taxi vouchers are issued for appropriate use.

Use. The use of taxi vouchers is strictly limited to taxi travel for the purpose of conducting official business within or outside business hours when neither an official vehicle is available, nor is public transport an acceptable option.

E Tolls

Issue. The Finance and Business Manager is responsible for approving the issue of E toll within their area of responsibility. Officers may purchase pre-paid tolls only by credit card.

Use. The use of tolls is limited to conditions as specified under the motor vehicle policy.
